MORE aluminium solutions available from Pyroguard with Schüco doors and partitions!

SCHÜCO

Following the completion of an extensive test programme with Schüco, we are excited to share that we now have a wider range of Pyroguard solutions for aluminium doors and partitions.

Featuring the Schüco ADS 80 framing system, we can now provide you with a range of certified aluminium solutions that meet EW30, EI30 and EI60 ratings.

Authorised and approved by Warringtonfire, UK and Efectis, France the range covers the following scope:

Construction types: Doors and partitions

Fire ratings: EW30, EI30, EI60

Glass types: Pyroguard T-EW30/13-1, Pyroguard T-EI30/18-2, Pyroguard T-EI30/18-2 VI, Pyroguard T-EI60 25-3 and Pyroguard T-EI60/25-3 VI.

Frame: Schüco's ADS 80 FR 60 is a highly-stable, proven profile that consists of 5-chamber profiles with a construction depth of 80 mm.
