Pyroguard Advance successfully tested in Jansen EC050 steel framing system

We're pleased to announce that Pyroguard Advance has successfully achieved EW60 fire resistance when tested within Jansen's EC050 steel profile, marking an important addition to our range of EN-tested fire safety glazing solutions.

Authorised and approved by Warringtonfire, the fire test covers the following scope:

Construction type: Partitions

Fire ratings: EW60

Glass types: Pyroguard Advance (2-EW60/11-2)

Frame: Jansen EC050

This is the first 60-minute fire test for Pyroguard Advance within the Jansen EC050 partition system and represents a valuable addition to the range of solutions available, supporting greater choice and flexibility.
